

Pat has a tin top.  
It has red dots.  
He sits on a cot and spins his top.  
It spins on a box.  
The top will not spin in sand.  
It does not spin in grass.  
It spins best on a big box.

Pat sits and spins his top.  
A dog hops on the box.  
The dog grabs the top and runs.  
Pat runs at the dog.  
The dog stops and pants.  
He drops the top.  
It lands on the rim.  
It does not get a dent.  
Pat pets his dog and grins.  
He is glad he can still spin his top.
